

# BUSINESS CASE

## BEAUTY PRODUCTS & MORE

### Regulatory Compliance

- Although banned for US Consumption, products not approved by FDA, FTC, and USDA can transit the Zone and be re-exported without penalty
- By avoiding a formal declaration to CBP, the importer benefits from increased efficiency and avoids charges such as: demurrage, handling, customs exams, risk of damage and more
- If there is an intent to sell to the U.S. market, the importer will have adequate time to comply with all labeling, valuation, tariff classification, etc. prior to filing documentation to CBP and regulatory agencies

### Savings

- Importer may comingle inventory, and store both, foreign and domestic products in the same location; ultimately saving space and money
- Even if the product is duty-free when entering the U.S. Market, MPF will still apply. Merchandise Processing Fee is equal to 0.3464% of the merchandise value, with a min of \$25 and a max of \$485 per shipment
- By utilizing a weekly entry, the importer will save time and money by filing only one declaration a week

\*Assuming weekly entry

Product Type	Value per Shipment	Weekly Shipments	MPF per Shipment	Annual Savings *
